National YMCA Week

In 1844 a young man of 22 named George Williams gathered with a group of friends in London and formed an organization designed to make life a bit more bearable for workers caught in the cruelties of the industrial revolution of that time. The organization was the "Young Men's Christian Association".

Seven years later in Boston, a sea captain, Thomas S. Sullivan, read of this London society and set himself to the task of establishing the first YMCA in the United States. The rest is history. And during the National YMCA Week.

It is a thoroughly-deserved tribute. The goals of the YMCA are all designed for a single purpose: To develop better citizens of the nation and the world—better in mind, in body, and in heart. The organization works always in the cause of interracial and intergroup understanding. And, at its roots is a dedicated belief in the teachings of Jesus and the principles of Christianity.

In a troubled world, the YMCA performs a profound and needed service.

Another Indian Giver

"Indian giver" is a term of derision long favored by youngsters. It has to do with someone who gives you something — and then demands it back.

Nowadays, Indian giving can be accurately used to describe the tax system.

We have had a modest reduction in federal income taxes. This action was greeted with an immense amount of publicity and was described as a shot in the arm for the economy. And, it is true, just about everyone has had a little more take-home pay to spend.

But this happy situation is soon to end — either entirely or in large part — for most people. The reason: In 1968, a worker with an income of \$6,000 or more will pay \$277 in social security taxes — \$103 more than the \$174 he paid in 1965. The employer's contribution will go up by an identical amount.

And this won't be the end. More increases will go into effect periodically. By 1987, the \$6,000 a year worker will pay \$373, as will his employer. And self-employed people will then pay \$515. Tax reductions are fine. But they don't mean a thing when tax increases take all or most of the money right back.

What Is Communism?

The early leaders of communism chose a name for the movement they created which has proved advantageous to them.

Many people insist on judging the large and complex movement known as communism by the name it has selected for itself. Communism suggests sharing and common ownership. It is easy to compare present day communists with the early Christians who shared all things in common.

In truth the name, communism, is no more descriptive of the realities of communism than the word, dodge, is descriptive of the qualities of the Dodge automobile. In each case the name is simply a method of identifying a complex machine. It would be difficult to consider seriously an individual who purchased a Dodge automobile because the name suggested unique qualities that would cause it to weave in and out of traffic. It is equally ridiculous to believe that the name communism conveys any special qualities of sharing on the communist movement.

World communism, as it is a very specific and definable force. It is one of the major movements in the history of mankind. Those individuals who identify themselves with communism are called communists and their number is legion. The rapidity of growth of the world communist movement has few, if any, historical precedents:

Uncle Dan From Doolie Says:

DEAR MASTER EDITOR:

The feller at the country store Saturday night was claiming the newspapers was gitting 1966 off to a fast start. Ed Doolie allowed as how all a feller had to do to add to his knowledge and subtract from his peace of mind was to read the fine print.

For instant, said Ed, he had just saw where it cost \$3 million to publish in the Congressional Record the speeches from our elected representatives in the last session of the Congress. Ed announced he would like to quote Winston Churchill in this matter and say never has so many words spoke and said so little and cost so much.

Zeke Grubb reported he had saw where a Washington column writer come out the other day with the official figures on foreign aid since we started out in 1945 to save the world. They showed France had got more than any other country on earth, 9 billion dollars in the 10 year following World War II. Zeke was of the opinion all we was gitting in return was more and more of General De Gaul.

Clem Webster said he wasn't worried too much about General De Gaul, that Father Time would eventual take care of this problem. But Clem reported he was gitting mighty upset over the long-time effect of them crazy new Paris fashions they was wearing in this country. According to Clem, men from Paris was

coming over here wearing lace skirts, toting pocketbooks under their arms like the women folks, oiled up with sweet smelling perfumes, and some of them was even getting what the women call a "permanent wave" in their hair. He reported he had saw all this in Time Magazine.

Personal, Mister Editor, this has the first notice I've had that Clem was reading Time Magazine and I pushed him up a notch on my status stick. But I agree with Clem that ruining American manhood is worse than waiting for General De Gaul to pass on to his heavenly reward. I can recollect after the first World War when our boys come home from France wearing their new-fangled wrist watches. And you know what that done for American manhood. Today you can't find a pair of pants with a watch pocket. And, come to think about it, he said saw a pocket watch in a store window in several year.

Bug Hookum closed out the session Saturday night on a happy note. He reported there was a piece in the papers about them making a mistake and installing new door handles upside down on a Atlanta post office. He said he wasn't too shore it was a mistake, that them Government carpenters probable would git liable time for going back and fixing 'em right side up.

Yours truly,
Uncle Dan

GRASSROOTS OPINION

LANCASTER, S. C., NEWS: "Praying plants can borrow from the government but newspapers are barred because the Federal government does not want to be in the position of asking position of a newspaper in the event the loan is not paid. That sounded like good Constitutional reasoning until we got a report from Michigan this week that \$188,000 in Federal funds has been allocated to establish a weekly newspaper in Willow Run, Mich. The new paper, which will compete with four others in the area, proclaims that its purpose is to provide honest and unbiased reporting on matters the government feels are of interest. A sort of TVA yardstick to measure the press?"

Dick Pope, developer of Florida's Cypress Gardens, was president of the Florida World's Fair Authority at the 1965 New York World's Fair.

The Ocala, Fla., area has 73 active race horse breeding and training farms, representing an investment of some \$25 million.

"REMEMBER" BY THE OLD TIMER

From Mrs. Mike Wicksman, San Carlos, Arizona: I enjoy very much your column "I Remember" and I have a real old time recipe to send you today. It's simple steps on how to wash clothes. Title it, "Count Your Blessings."

1. Put a fire in bak yard to heat kettle of rain water.
2. Set tubs 'n' smoke won't blow in eyes if wind is west.
3. Shave one hole cake soap in billa water.
4. Sort shingles, make three piles, one pile white, one pile culloid one pile old work clothes and rags.
5. Star flour in cold water to smooth, then thin down with billa water.
6. Rub dirty spots on board, scrub hard then bile. Rub culloid but don't bile.
7. Take white things out of kettle with broom handle, then kettle bile and starch.
8. Spread tea towels on grass.
9. Hang old rags and britches on fence.
10. Porerench water in flower bed.
11. Scrub porch with hot soapy water.
12. Turn tubs upside down.
13. Go put on clean dress, brew pile with side comb, screw cap of tee.
14. Set and rest; rock a spell and count blessings.

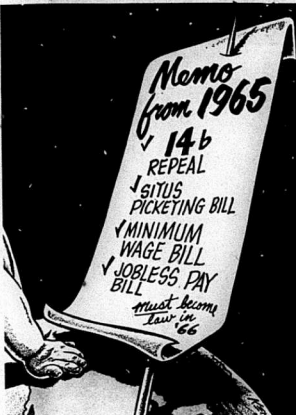

My Neighbors

"When you pass those big trucks, dare—couldn't you go around them?"

Florida ranks first in the nation in production of snap beans, sweet corn, green peppers, cabbage, cucumbers, eggplant, radishes and watermelons, and second in tomatoes and celery.

Let The Congressmen Have A Four -Year Term - We've Got Lyndon!

In his report to the Nation, our President disregarded the New York City strike which is reputed to have cost several hundred million dollars and seriously impeded business throughout the country.

Now we hear that several other large organizations are threatening strikes to really paralyze the Nation's transportation.

The President apparently feels that with a bit of arm-twisting on The Hill, he can get what he wants — complete control of every man's privilege to work thru Union bosses.

He wants to tell capital just what it may receive as profit; he wants to tell labor just what it will get, without regard to quantity or quality of work turned out; he wants to allow labor to collect pay whether it works or not!

His poverty program indicates that it intends to "give the worker, food, housing and cash whenever he strikes, lays off without cause, or just doesn't feel like working."

Just how much closer to Lenin's theories will America have come when this session of Congress is over? Perhaps the present Senate has digested enough of the feeling back home to stop Lyndon!

The Heat's On

The heat is on to force the Senate to vote repeal of section 14(b) of the Taft-Hartley Act which permits states which wish to do so to pass right-to-work laws.

All the power of the unions, plus heavy political pressures, are mounted behind repeal. If they succeed, working people will have a choice anywhere. They will have to join a union, whatever their wishes and beliefs, or lose their jobs. The unions will have a captive membership — a membership that can be gained by ruthless compulsion, instead of being voluntarily gained because of good service to labor.

It promises to be a tip-and-tuck battle. Those Senators who prevented their everlasting credit, repeal of 14(b) during the last session, can be trusted to form ranks again. And the hope is that other Senators may have heard from constituents during the between-session period and may have the strength to resist the pressures that will be brought against them.

Right-to-work, no matter what devious and deceptive arguments its opponents may dredge up, is a fundamental right. Without it, no man can be truly free.

There was an exciting hunt for the bounciest ball center. A big cork had bounce, and would do, but the perfect treasure would be a long-haired small rubber ball.

To unravel the sock you needed your own set of the top started. You would the unraveling yarn tightly and smoothly around your center. Some eager helper held the sock so the yarn was enough to pull fingers at just the right tension.

You dug in Miami's rag bag, hoping to find the largest, coarsest sock your Papa ever wore; usually gray with white ribbed.

Cursillos In Christianity Is Topic Of Altar Society

Mr. Carlos Riva was guest speaker at the monthly meeting of St. Phillip's Altar Society held in the Parish Hall.

Mrs. Alfred Wehre, program chairman, introduced Mr. Riva, who gave an interesting and enlightening talk on the "cursillos in Christianity."

"The cursillo, meaning short course in English, is having a very strong influence on the Catholic families in this country," stated Mr. Riva. The cursillos are in progress in 38 states in the United States.

"With the cursillo, we re-vitalize our faith by repetition of the holy teachings learned during childhood and brought to an intelligent adult level," Mr. Riva said. He pointed out that these cursillos were originated by Bishop Hervas in Mallorca, 17 years ago, and introduced into the United States 11 years ago.

From St. Phillip Benizi Parish, 106 have been cursillo.

The weekly attendance during the local harvest season is about 75 percent, whereas during the rest of the year it is approximately 96 per cent of the membership, it was noted.

Preceding the program Mrs. Joe Friedheim, for the devotionals, read Matthew 21-12, and Father spoke briefly on the early life of Christ.

Mrs. Carl Lockmiller, president, presided.

Following the program refreshments were served by Mrs. E. A. McCabe and Mrs. Lockmiller.

First Baptist Calls New Pastor

The First Baptist Church of Belle Glade extended a call to Rev. C. K. Arnold last Sunday during the morning worship service.

Rev. Arnold has been pastor of the First Baptist Church Kissimmee for the past two years.

The Baptist church here has been without a pastor for the past eight months. During this time Associate Pastor Jack Ponce has filled the position.

Rev. Arnold will move here from Kissimmee with his wife and two daughters on February 1, and will take over his duties and preach his first sermon on February 5.

First Church Of Christ Scientist

The nature of God as "Truth" will be the subject of the service in all Christian Science churches this week. Scriptural readings will include the Psalmist's prayer: "Withhold not thou thy tender mercies from me, O Lord: let thy loving kindness and thy truth continually preserve me."

Paraphrasing the Bible passages will be references from the denomination's textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including — "Let there be light," is the perpetual demand of Truth and Love, changing chaos into order and discord into the music of the spheres"

Read Isaiah 60:1-4; Acts 4:13
 Arise, shine; for thy light is come, and the glory of the Lord is risen upon thee. — Isaiah 60:1
 A Challenge has come to the Christian church from the resurgent religions in the world.

As Christians, it is our conviction that Christ is the author of peace and that Christianity is a religion of peace. The Christian church is God's agency to bring peace into the world. In this age of atom bombs, an age when we are threatened with war and total destruction of mankind, the church needs to exert its power for peace. The church is the body of Christ, and He is the author of peace.

What is the Christian church doing today? Is it sleeping, fading into darkness? In Isaiah we hear a trumpet call: "Arise, shine." This is a great time for the church to heed this call for revival, for resurgence of faith to pray this for mankind's highest and best interests.

Heard O Lord, let Thy light shine and Thy glory come into Thy church. May it awaken from its lethargy, and from the enveloping darkness come into Thy light. Grant us Thy grace and power that we may be able to make Thy church the source of peace in the world of war and strife. In the name of Jesus, who taught us to pray, "Our Father who art in heaven, Thy will be done."

THOUGHT FOR THE DAY
 The awakened church can shine through strife and gloom to bring lasting peace.
 G. P. Charles (Birma)

Rev. Griffin has recently retired from the ministry. His last place of service was the Berea Baptist Church, Greenville, S. C. where he was pastor for 13 years.

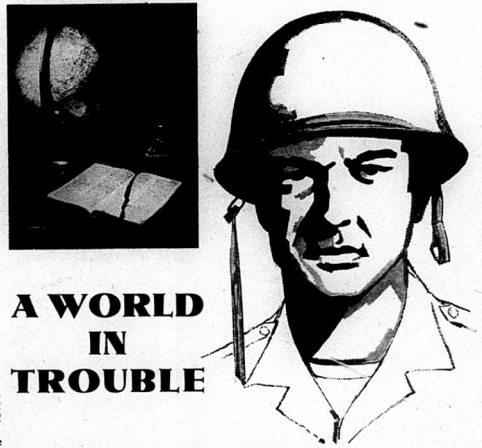

Mrs. Wes Jones Gives Program

Mrs. George Farnall opened the monthly meeting of the Mary-Ruth Circle of Community Methodist Church, with prayer. The devotionals were given by Mrs. F. E. Hollingsworth and the program by Mrs. Wes Jones.

The group met at the home of Mrs. Wes Jones last Wednesday at 2:30 P. M. with Mrs. Barbara McCormick as hostess.

During the business brought up was a discussion on the rummage sale to be held Feb. 5.

Delicious refreshments were served to guests. Mrs. Mary M. Hugely, and Mrs. W. E. Bruns, and to members Mrs. A. S. Brannon, Mrs. Mildred Hanes, Mrs. Ralph Newman, Mrs. N. T. Taylor, Mrs. E. P. THE CHURCH FOR ALL

ALL FOR THE CHURCH

"The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church: They are (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily."

by Friday, January 7. The competing Juniors worked hard all weekend selling magazine subscriptions. They were rewarded with an all time record for first day sales when they turned in \$3080.00 Monday morning.

Their preliminary goal was \$4200 and they almost reached that mark on the second day.

Team Cheerleaders Travel To Pro Bowl

The football players and the cheerleaders traveled to the Orange Bowl on January 9 for the Pro Players Classics. The Athletic Council was kind enough to buy tickets, give meal money to each student and to provide transportation to and from the game.

All of the students had tickets for the same section. After the game most of the students ate at the Chesapeake Outer House before the long ride home.

Students Welcome Semester Break

After six grueling, two-hour sessions of semester tests, students will welcome a short holiday January 25, to relax and catch up on the sleep they missed while "burning midnight oil."

Many students, though, will spend the day at the county fair in West Palm Beach. The day is officially teachers planning day so teachers will be working hard as usual.

Junior Class president, Pat Bowen said, "I think we were doing great and I hope we kept it up. We hope to set a new record of \$5000." These seemed like mighty big words to some people but the Juniors were determined.

On Thursday, January 13, they had turned in \$4894, only \$106 from their goal.

Both students and administration congratulated the Juniors on not only reaching but passing the \$5000 mark. Their grand total was \$5065!

Seniors especially congratulate the Juniors and wish them further success in the coming year.

Who Is It!

Who is this, good looking young man? Who do we know that has blonde hair and has a smile like that? Here are various answers to these questions through the observations of several students.

Brenda Prevatt — Is it Michael Shaver? Oh! I'm only guessing.

Lynn Lowery — Is it Mike Shaver? I don't know. Who is it?

Barbara Croft — That's nobody I know.

Tommy Williamson — That's John Lee.

Linda Hood — Oh! He's so cute. Is it a Senior? It looks like that Foster boy.

Millie Kirchman — It looks like Mike Foster.

Jane Wierengo — It's Mike Foster.

Janice White — I don't know? It's Jerry Foster's brother, but I can't think of his name.

Well, I guess everyone knows by now who it is. Yes it is most certainly Mike Foster.

A brief business session was conducted by Glenn Wolf. The regular meeting was changed from the 14th to the fourth Thursday night of each month, beginning January 27.

The meeting was adjourned at 8:30 for refreshments and general conversation.

Requirements for the convention are that participants must submit a Science Fair Project to the local fair and be a member of the academy.

The convention is to be held in St. Petersburg during the weekend of March 1-1 and 12.

An important meeting of the Future Homemakers Club was held recently for the sole purpose of nominating and electing FHA Beau of 1956. Their selection was Duane Stokes, an outstanding senior at BGHS.

Duane expressed his appreciation for such an honor and stated he would attempt to meet all his obligations and expectations to the best of his ability.

Each nominee of the honor must be a member of the Future Farmers of America, be a junior or senior, and obtain a "C" or above average. Qualities upon which each nominee is judged are scholarship, character, personality, and leadership.

The new beau is a member of the football team this year, vice-president of the FFA and Sargeant of Arms for the Interact Club.

After school, Duane plans to attend Abraham Baldwin College in Tifton, Georgia. He intends to major in agriculture, return to South Bay, and get rich as a "big rancher."

Some students might not be aware that school supplies can be purchased on campus and at the same time they can help finance a worthwhile project sponsored by the Student Council.

The school store is operated by the students on the west end of the cafeteria. It is open every morning at 8:00 until the first bell rings. All students are encouraged to buy their supplies from the school store.

Victories Mount As Rams Battle

As of January 13, the varsity basketball team's season standings were 8-3. The B-team, in one of its best years in a long time, has a record of 6-1 with its only loss to a tough Clewiston opposition. The varsity's first conference game was January 4, and they have two wins and one 52-54 loss to Jupiter.

In last week's game with Okeechobee, the Rams chalked up a 63-66 win over the Brahms. Belle Glade found the spark in the third quarter and overcame a first-half deficit.

Cary Jones hit 23 points and Tony Latour 19 to lead

the Rams in their come-from-behind effort, and seven-point margin in a free throws told the difference in the score.

The Junior Varsity knocked off Okeechobee's B-team with a score of 76-35.

There was no game the 18th due to exams but tomorrow's game will here, a second bout with once-beaten Okeechobee.

The Stuart game was unique for several reasons. For the first time Pep Club has sponsored and made programs for a basketball game. In addition to this Pep Club has initiated "Warm-Up Music" before the game and at the half.

A class attendance competition was also held at the Stuart game. The Sophomores won the privilege of attending the Okeechobee game free of charge by having the largest attendance, 62-61.

The Junior Varsity was also successful in caging the Tigers with a close score of 62-61.

Gossiping Gandy

This week all has been seen by the Roving eye and nothing has been missed.

How about it, Mr. Melnik, found all your students yet? Oh yes, Mr. Browning, have you heard about all the new waiters in the cafeteria lately?

Hey, Trig class, what was the mix-up last Tuesday or did you hold your own meeting?

Congratulations also to the lucky Seniors who won superlatives. Were ya'll surprised?

What do you freshmen girls talk about when you've got the phone lines tied up every night? Or should I say who, Jackie K., Suzanne W, and Kathy S?

Hey, Pep Club, those programs for the Stuart game were really neat.

The roving eye will be checking up on everybody at the Okeechobee game tomorrow so watch what you do.

PINS AND SERVICE BARS were presented at the Gove PTA meeting to the following Gray Ladies by Mrs. J. Scowen, Public Health nurse, L.R. Mrs. Jack Cook, Mrs. William B. Rhodes, Mrs. E. M. Gove PTA Programs Attracts Parents

Monday night at Gove PTA, Mr. Sam Lovell and Mr. James Gora, co-workers in the Agriculture Department of Belle Glade High School, presented the be-ribboned and much honored PFA parliamentary drill team consisting of nine members. This procedure team gave a brisk 15 minute instruction period covering four points of par-

For Air-Conditioners Gove Room Mothers Begin Fund Raising Campaign

Beginning the first of February, room mothers of Gove Elementary School will go all out in a fund raising campaign to purchase air-conditioners for the school. There are 19 units to be bought at \$287.33 each. Looks like a big deal, but the mothers have decided to carry on.

The first money making project was selling all occasion cards and now on Feb. 1 the mothers will sponsor a movie each Saturday for 8 weeks. The price will be 50 cents for a hot dog and drink, plus a

mentary procedure which are considered to be the pitfalls of most conducted meetings. Questions were asked from the floor, and the group most ably handled them.

Following this group came the honoring of the Gray Ladies. Mrs. Jean Scowen, Public Health Nurse, was introduced by Mrs. Bonnie Peacock, Health Chair-

man of Gove PTA, and she presented pins and service bars to the following: Mrs. Robert Allen, Mrs. Glenn Betts, Mrs. Jack Cook, Mrs. Wm. Hair, Mrs. Robt. Mathews, Mrs. Wm. Rhodes, Mrs. Ed Rice, Mrs. Doug Thompson, Mrs. E. M. Van Landingham, Mrs. Betts and Mrs. Hair were absent.

The wind-up of the program was when the teachers took over and presented their five courses, parents going to individual rooms for their quarter hour of orientation and discussion of the subjects. Teachers participating were: Mr. Walter Allen, Mrs. Esther Winger, Mr. Walter Pender, Mr. Lee Gentry, and Mrs. Elizabeth Wierenga, and their subjects were Art, Music, Modern Math, Physical Education, and Phonics.

All groups returned to the Cafeteria for doughnuts, tea, and coffee served from the beautifully decorated table. The little red school house swings, and slides. Members enjoyed the informal exchange of what they did in "their class."

Preceding the business session, Miss Carol Hummel, third and fourth grade room teacher, presented the Devotional by reading selected verses from the Bible books of Ecclesiastes, Exodus, John Romans, and First Peter.

Announcement was made during the business session by President W. L. Cunningham that between \$1100 and \$1200 was netted from the PTA Carnival, and this would be divided on a 40-60 percent basis between Gove Elementary and Belle Glade Elementary Schools.

Mrs. Roger Cunningham, chairman of room mothers, reported on further items set up for the benefit of the air conditioning project. A rummage sale is listed for Feb. 26th, a Bazaar on April 16th which will be followed by a spaghetti supper on the same evening. She also announced the beginning of movies for children each Saturday starting the first Saturday in February and continuing for eight Saturdays. All Occasion Cards are also available for the benefit of the project.

The room attendance award was won by Mrs. Denlinger's fourth grade section. It would appear that parents of children in Mrs. Den-

New Library Site Unfavorable To Garden Club Members

Members of the Belle Glade Garden Club are up in arms on hearing that the new city hall and library will be constructed on the plot of ground in McDonald City Park where the Reid Memorial is and also the club house, which is an old landmark.

At the regular meeting of the Garden Club last Thursday, President Mrs. Newell Gaskell, reported on the city beautification. After much discussion of the location of the new library building, the club made a motion which was approved by the group to write a letter to the City Commission requesting them not to use the beautiful corner of the park where the Bertha Riedel Memorial is located and also to preserve the present clubhouse since it is the only old landmark of the town and holds pleasant memories of the good old days. The Garden Club holds the history of the building which was the first school house, and also has been used by churches and clubs when they first organized. The long time members through whose efforts the park was established and was kept, feel the new city buildings should be constructed on another location.

The program for the regular meeting of the Garden Club was presented by Mrs. Fessenden and Mrs. Ivan Van Horn on corsage making. There were several demonstrators made of ribbon and others made of flowers.

Twelve members and five guests attended. Guests were Mrs. Lester Renner of York, Pennsylvania; Mrs. Bill Jeffries, South Bay;

lingers and Mr. Capus's rooms seem to be the most faithful and the number the others, for no other rooms have made a showing in the five meetings of 1956.

Principal Mabel Lutz announced the results of the hearing and vision projects undertaken in the school recently. She also introduced the first interne teacher at Gove, Miss Dana Vogel in grade 3. Mrs. Lutz also announced the addition to the faculty, Mrs. Barbara Poole, in the 6th grade.

Mary Osnaga, Chairman of the Belle Glade Library Board, told fellow members last week that she was becoming self-conscious about the number of times her picture has appeared in newspapers, recently, showing her with outstretched hand, reaching for a check.

Board members assured her that not only was she the hero of the group, but that her speeches of acceptance reflects the sentiments of the Board, exactly.

We are happy to accept. Thank you! REPORT TO GRECO. Kananakiki.

This author, acclaimed by many as one of the truly great writers of the century, combined love of life and an endless quest for spiritual truth. REPORT TO GRECO is not so much a formal autobiography, as it is a collection of the ideas of a life time.

The translator, who sometimes retains Greek words when there is no real English equivalent, evidently did a good job, for the book fairly sings with life.

THOUSAND DAYS.

Schlesinger

This book is a personal memoir, by one who served in the White House, of the term of John F. Kennedy.

In over a thousand pages, the author hopes to "suggest something of the way in which he quickened the heart and mind of the nation, inspired the young, met great crises, led our society to new possibilities of justice, and our world to new possibilities of peace and left behind so glowing and imperishable a memory."

A LONG WAY TO GO.

Borden Deal.

Resourcefulness is the key word in this fictional travelogue. Three children, when their parents fail to return to them at a Florida motel, decide to go back home to Alabama the hard way, on foot.

ITS COLD IN PONGO-NI.

Franklin. This first novel, by a new writer, is a story of war, the War in Korea, this time. It is stark, and brittle, as it tells of the loyalties and bonds of one small group of men, sent out to bring back one live prisoner, and incidentally return in time that one of the group might play in a championship football game. Such are the ironies of war.

ARLINGTON NATIONAL CEMETERY.

Gurney. This volume is a picture story of America's most famous burial grounds from the Civil War to President John F. Kennedy's burial. It is illustrated with 252 photographs.

In a book illustrated by one of her students at Columbia University, Margaret Mead has compiled a revealing portrait of fathers, mothers, sons, and daughters, brothers, sisters, and friends around the world. She illustrates beautifully

Jean Dixon Predicted Pres. Kennedy's Death

The Palm Beach Round Table is urging all area residents to call for reservations as soon as possible to hear and see Jean Dixon on Feb. 14.

A Round Table official said reservations and requests for tickets are coming in daily from all parts of the state. In order to accommodate the large crowd that is anticipated, the Round Table, usually held at the Henry Morrison Flagler Museum, will probably meet in one of the largest places in Palm Beach. The site will be announced soon. Tickets reservations may be obtained by contacting the Palm Beach Round Table Office, 450 Royal Palm Way, Palm Beach, Phone: 832-1342.

Just when Mrs. Dixon, who astounded the world with her prediction of President Kennedy's death, is to arrive in Palm Beach, what she will do other than her Round Table talk, and when she is

to depart, are unknown factors, said Mrs. Alexander M. Hadden, founder-president of the event.

"Mrs. Dixon is leaving every arrangement of her Palm Beach visit to Frank Wright, Palm Beach, special consultant to the Round Table, and has twice written him that he has complete jurisdiction over all plans and details of her coming here," declared Mrs. Hadden.

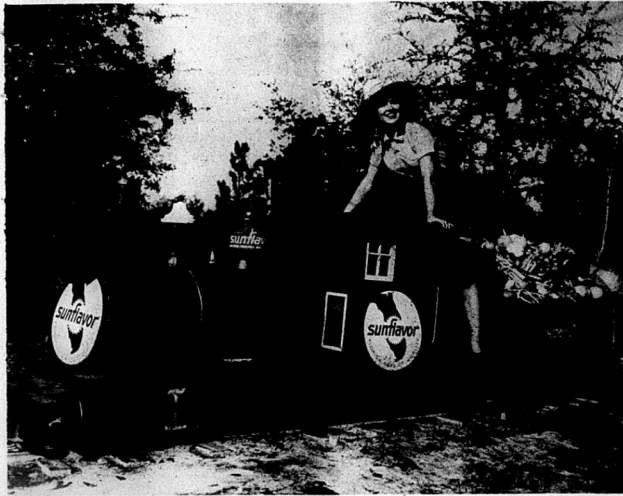

Jean Dixon's address entitled "Looking Through the Heart of America, at the Future of the World," will be the sixth of a total of eleven addresses before the Round Table this season.

FBI Is Straight

If you want to know anything about game-fishing in Bermuda, you ask the FBI — the Fishing Information Bureau. Bureau man Pete Perichief says the F.B.I. tells no fibs.

Usual Bargain

Although chickens and turkey have a large proportion of bone to lean, they are often bargains compared to other meats.

Miss Carol Kelly, a Zephyrhills lass who has added the title of "Miss Sunflavor" to her crown as Florida Citrus Queen, is headed for New York City. Her assignment? Help convince 'em that Spring is here! The Florida Spring Harvest Festival, scheduled January 24-27 in the big city, will emphasize the abundance of fresh produce from Florida in the height of winter.

A Taste Of Spring

Florida agricultural leaders will be hosts in New York City, January 24-27 for a Sixth Annual Florida Spring Harvest Festival.

The four-day event, highlighted by market inspection tours and a major trade dinner is expected to attract the attention not only of large corporate food retailers and wholesalers but the shopping public as well.

Purpose of the festival is to emphasize the importance and significance of Florida's farm products in the nation's most populous market.

It is expected that fruits and vegetables from the Sunshine State will be in bountiful supply in New York, coinciding with the festival.

Among those attending will be Commissioner Doyle Conner and Miss Sunflavor, Carol Kelly, who also is the reigning Florida Citrus Queen.

Also expected to attend from Florida are the chief executives of about a dozen major citrus and vegetable shipping firms, as well as staff members of the Florida Fruit and Vegetable Association and Florida Citrus Commission.

This is the first year the event has been designated a "spring harvest festival," the name being chosen to stress mid-winter availability of fresh produce from the Land of Sunshine in the frozen north.

In the past, the program has been known as the Florida Fruit and Vegetable Jamoree and was scheduled toward the end of the season each year.

The 1966 Festival will include numerous radio and television appearances for members of the delegation, in addition to the following commitments:

Monday — Attendance at the New York Fruit Auction and an inspection tour of the facilities of the world's largest wholesale produce center in the Washington Street area.

Tuesday — A luncheon for food editors of metropolitan newspapers and nationally distributed magazines and a dinner for New York area wholesalers and retailers representing some 10,000 supermarkets.

Wednesday — Appearances at many retail stores featuring Florida produce, by Miss Kelly, Commissioner Conner and the Florida

shippers.

Thursday — More such appearances.

In addition, an inspection tour of the nearly completed multi-million dollar Hunt Point wholesale produce center and a visit to the Florida Showcase are planned during the four days. Business page editors for several New York newspapers are planning a press conference with the agricultural commissioner.

While the meetings, tours and public appearances are scheduled, additional attention will be called to the activities through extensive New York regional advertising and in-store merchandising efforts.

Besides its promotional aspects, the festival gives the Florida agricultural leaders an opportunity to make personal contacts with key food dealers in an effort to strengthen the profitable bonds existing between the Sunshine State production areas and the market which consumes one-fifth of all produce grown here.

Peter Duchin To Appear In Celebrity Room

Frank J. Hale's chic Palm Beach niterite, The Celebrity Room, adjoining the Royal Poinciana Playhouse will open Monday evening January 17th to the swinging sounds of society sensation Peter Duchin and his orchestra. They will appear through Thursday, January 20th, and again from Monday, January 21st through Monday, February 14th, with the exception of February 3rd. On Monday opening nights the orchestra will play from 10:00 P. M. until 2:30 A. M., and on other evenings except Sundays from 8:30 P. M. until 1:30 A. M.

Mr. Duchin has put together a band which is rhythmic, melodic and dares you not to dance. His is a talent which is distinctly original, and does not need to borrow or imitate. The Duchin rhythms range from an unbelievably swift-paced opening number of a set, to a middle and slow fox-trot, then a Latin tempo and finally a rousing twist, frug or jerk.

Delicious new French cuisine is available nightly in sweet harmony with Peter Duchin and his orchestra. Reservations are strongly recommended at 833-6100.

Bailey Memorial

The list of books donated to the Belle Glade Library as a memorial to Mr. C. A. Bailey continues to grow with the acquisition of THE SCHWETZER ALBUM, A PORTRAIT IN WORDS & PICTURES, by Erica Anderson.

Twenty-seven photographs in color, and one hundred-seventy in black and white accompany the text, which includes many passages of Schweitzer's own thought, recorded from interviews or translated from his notes.

Two ways your face can grow in the next year!

Usually, our faces show what is happening to us. For instance, suppose the financial angle of the Christmas season is on your mind.

Suppose you know there's no cash to welcome Santa this year.

Your face will show it.

But suppose that you have enrolled in our Christmas Club, and have made your payments regularly. Each week saving a small sum and watching your savings grow.

Suppose, shortly before Christmas you receive a check for your savings during the year.

Naturally, your face will show that, too.

Make sure your face is smiling next Christmas. You can do so by joining our Christmas Club today.

Plan now for a Merry Christmas!

CHEVY PICKUPS RIDE SMOOTHLY

... A BIG REASON WHY THEY'RE LIKED BEST!

Smooth ride is one big reason why Chevy is America's most popular pickup. You get true independent front suspension; front wheels that step lightly over bumps. And most models provide big coil springs at all four wheels to soak up the jolts. You get a ride that's ideal for camper duty as well as work... a tough suspension proved over the past 5 years on rugged jobs. Try a smooth-riding 1966 pickup at your Chevrolet dealer's.

Talk to your Chevrolet dealer about any type of truck.

Kill this pellitory weed in sugar cane. Use Atrazine. Here's how:

When you see pellitory weed starting to grow, apply Atrazine 80W herbicide, plus a little surfactant. You'll clean out infestations of this winter annual fast and effectively... without hurting cane.

Atrazine is safe to sugar cane. It will not injure your crop when you apply it as directed on the label. And since it's non-volatile, there's no danger of drift to adjacent, sensitive crops.

Even though Atrazine has proved to control pellitory at any stage of growth, early treatment assures best results. With pellitory under control early, you grow more sugar cane per acre.

That's because Atrazine prevents

pellitory from interfering with sugar cane tillering. Also, Atrazine helps make soil moisture and nutrients available for your cane, and not for pellitory weed.

So plan now to grow the maximum tonnage of sugar cane from each acre you plant this season. Just use Atrazine to control pellitory weed this winter.

Workshop Needed For Handicapped

The need of a workshop for the handicapped in the Glades area was told to members of the Junior Woman's Club at the January meeting of the group held at the Civic Center.

Mrs. John Thompson, education chairman, introduced Kenneth Lutz of the Belle Glade Civitan Club who in turn presented the guest speaker for the evening, Robert Benedict, executive director, Palm Beach Habilitation Center.

A short question and answer period was held with members of the club participating.

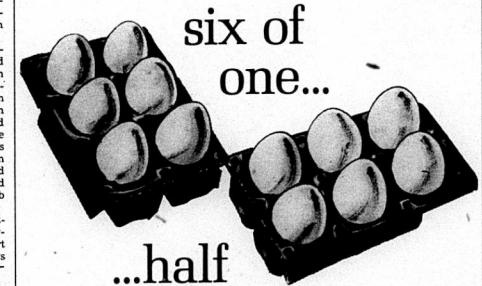

During the business meeting, with Mrs. A. J. Harville, presiding, in a report from Mrs. Lee Burke, Ways

...half a dozen of another!

Everyone knows this means there's very little choice, if any, between two things. This could be true in many cases but not in financial institutions. When it comes to banking there's all the difference in the world. Don't take our word, just open a checking account at one desk then move to another to finance a refrigerator. It can only be done at a BANK. Yes, checking accounts, savings accounts with guaranteed interest, and all types of loans at your BANK. Six of one, half a dozen of another? Not when it comes to banking!

Glades Sugar House Recognizes Safe Drivers

Sixty-two road and farm tractor drivers were recognized for a year's operation without accident Tuesday night by the Glades Sugar House, by the presentation of certificates and pins.

Of the total, seven received this award for the third time in three years; 24 were second year winners and 31 received the award for the first time.

Each of the 60 on road drivers of cane trucks average five round trips daily, or a total of 60 trips empty and the same number returning loaded, or a total of 120 trips daily.

Each tractor truck turns off the main highways of the Glades into side roads and back onto the main operation reversed.

There are five mills in Glades using over-the-highway tractor trucks for cane delivery from field to mill totaling near 300 units. Empty trips daily — empty and loaded — indicates some 3,000 sugarcane trucks over the roads and the same number of turn-offs from our main state and federal highways.

The remarkable item in connection with this traffic is the comparatively few accidents in which these trucks are implicated.

The safety program of the Glades Sugar House is producing favorable results, as indicated by the repeats in the great number qualifying.

Obstreperous "Nate" Has Time To Contemplate

Nathaniel Anderson became a bit pensive when Detective Wm. Love and uniformed Patrolman Rutledge caught him, for the second time, peddling wine, for five or 180 days, as the judge made the last two ninety days to run concurrently.

Undoubtedly Nate will have 180 days as a guest of Charlie Goodlett's jail and sleeping quarters, in which to contemplate on the wisdom of his get-rich-quick scheme and of assaulting a police officer.
